

M1/M2

Condensate Pump

Electrode water level sensor

Ultra-Quiet, Reliable

Ultra-Quier DC motor

- Quiet operation

Large Capacity Tank

- Reducing work times and extending life

Electrode water level sensor

Easy Maintenance

- Snap-on stucture, easy disassembling and cleaning of water tank

Water Pipe Isolates from PCB

- Anti-leakage & Anti-short circuit

LED flash light

- Effectively monitor product running condition

Model	M1	M2
Voltage	100-240V/50-60Hz	100-240V/50-60Hz
Discharge head (Max.)	12m / 39ft	12m / 39ft
Flow rate (Max.)	24L/h 6.4 US GPH	40L/h 10.6 US GPH
Effective water tank capacity	200ml	200ml
Unit output (Max.)	9kW 30000btu/h	13kW 45000btu/h
Noise at 1m	19dB(A)	21dB(A)
Applicable ambient temperature	0°C-50°C	0°C-50°C
